

Lenovo™ ThinkCentre M910z (23.8")

POWERFUL, DEPENDABLE, MANAGEABLE AND SECURE... THINKCENTRE M910Z BOOSTS YOUR ORGANIZATION'S EFFICIENCY AND PRODUCTIVITY.

Packed with the latest Intel® processor and vPro™ technology, Lenovo ThinkCentre M910z AIOs bring high performance and amazing IT management simplicity to desktop solutions. With PCIe SSD and DDR4 memory, M910z enables you loading large files fast without frustrating delays. MIL-SPEC tested, meaning your AIO can still be reliable even in the most challenging environments. Plus built-in data security - these easy-to-use machines keep your workforce on task, and improve productivity.

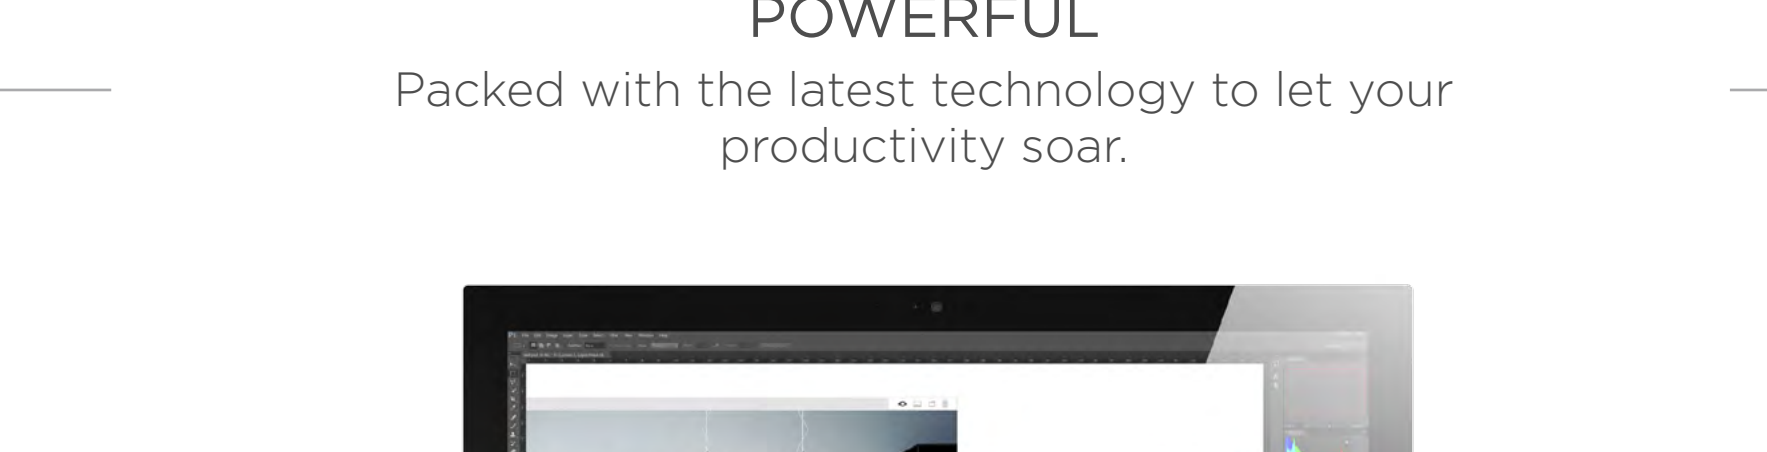

POWERFUL

RELIABLE & SECURE

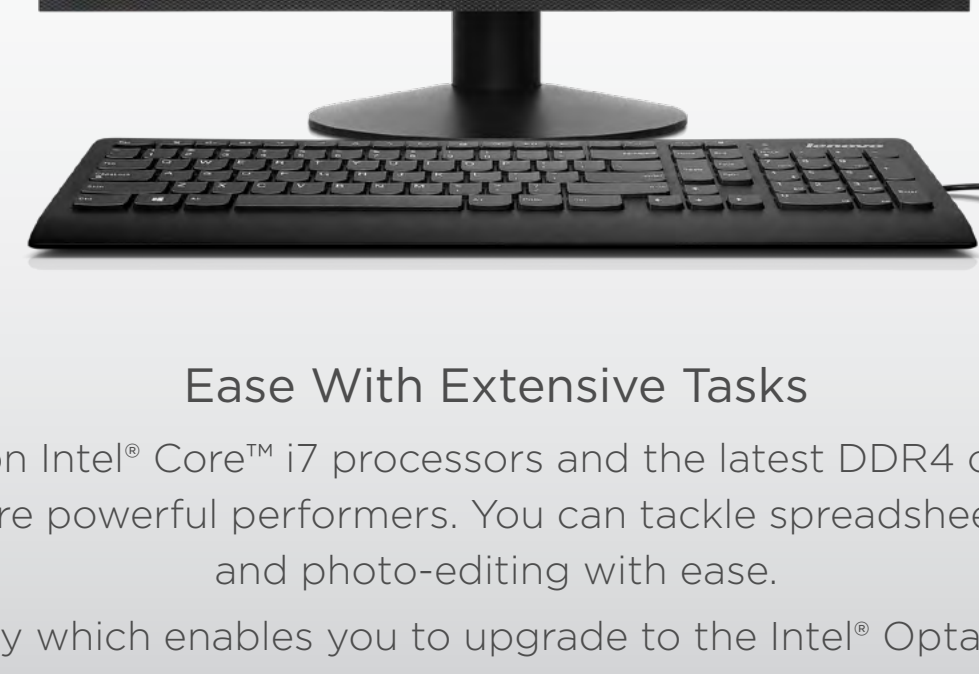

EFFORTLESS TO USE

POWERFUL

Packed with the latest technology to let your productivity soar.

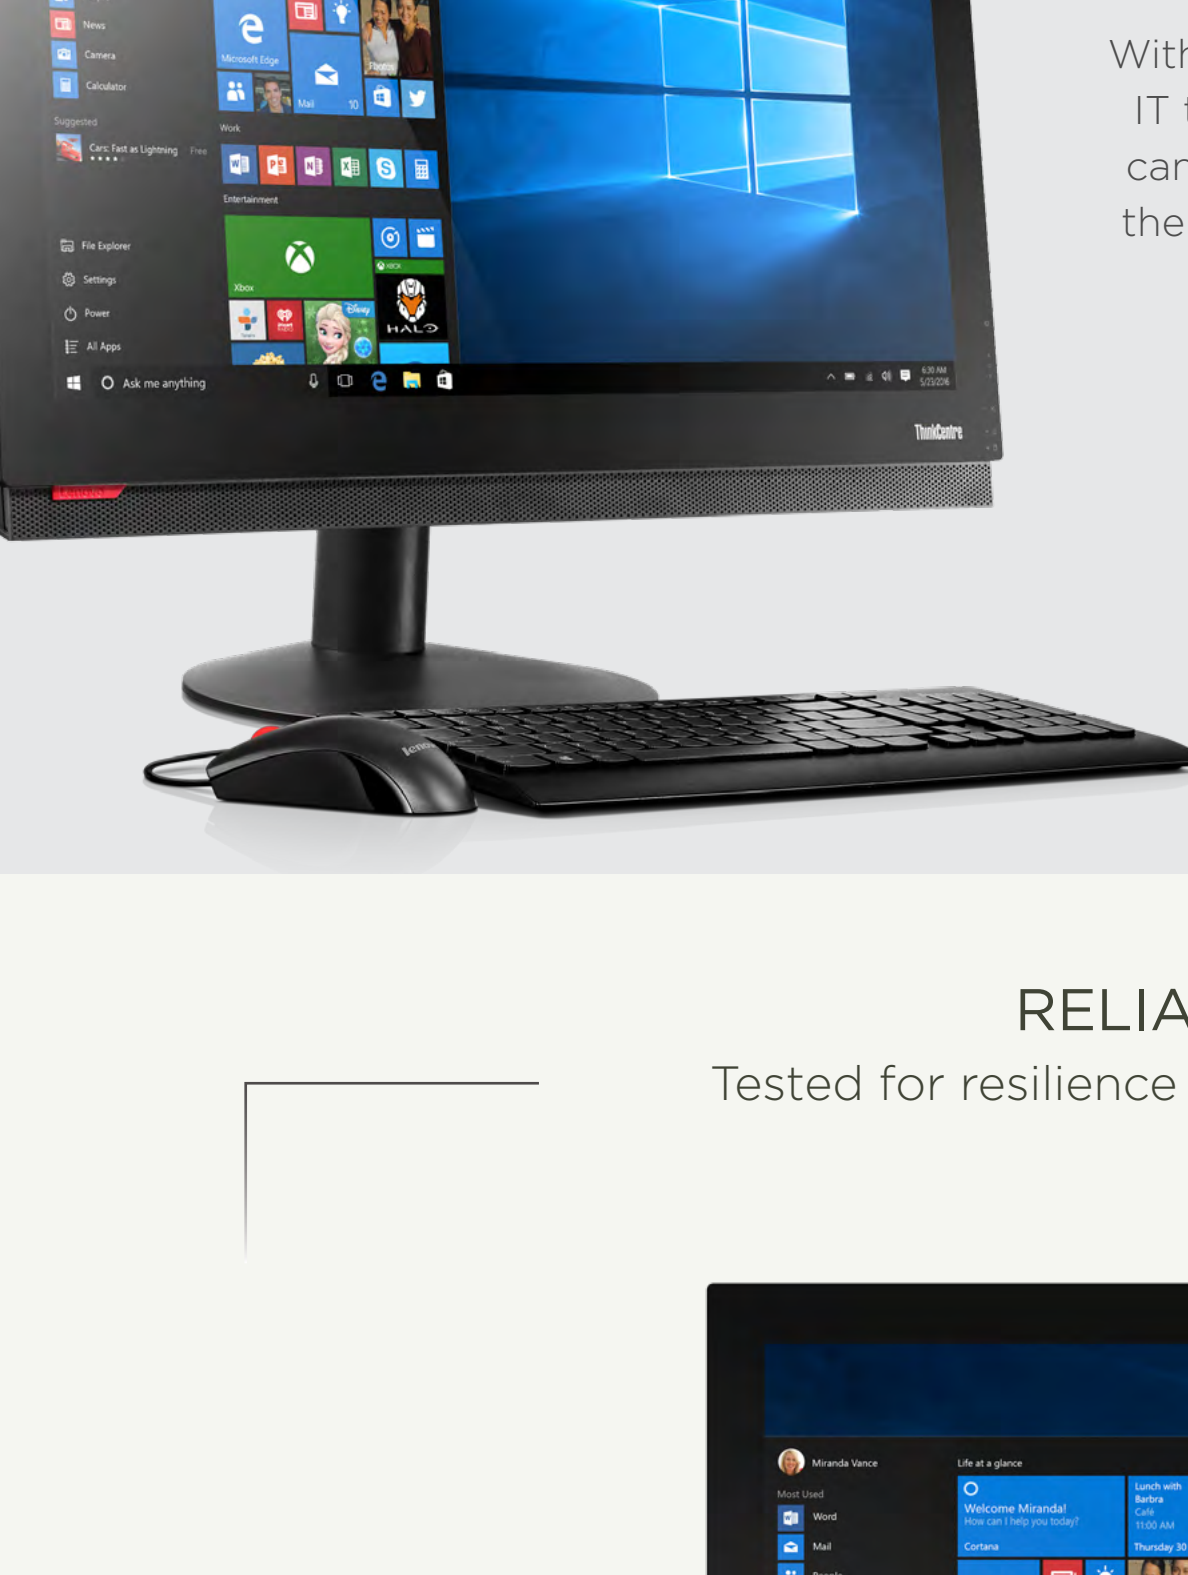

Ease With Extensive Tasks

With 7th generation Intel® Core™ i7 processors and the latest DDR4 computer memory, these ThinkCentre AIOs are powerful performers. You can tackle spreadsheets, multiple presentations, and photo-editing with ease. Plus, it's Intel® Optane™ ready which enables you to upgrade to the Intel® Optane™ technology* easily. Intel® Optane™ will bring high performance and amazing responsiveness to HDD and SSD storage solutions without compromising capacity. Thus you can load files faster with large capacity storage solutions.

**Intel® Optane™ Memory will launch in June 2017*

Outstanding Screen View for Work and Play

See clearly from center to sides with wide viewing angle display - up to 178° horizontally and 178° vertically. See more details in up to 1080p resolution.

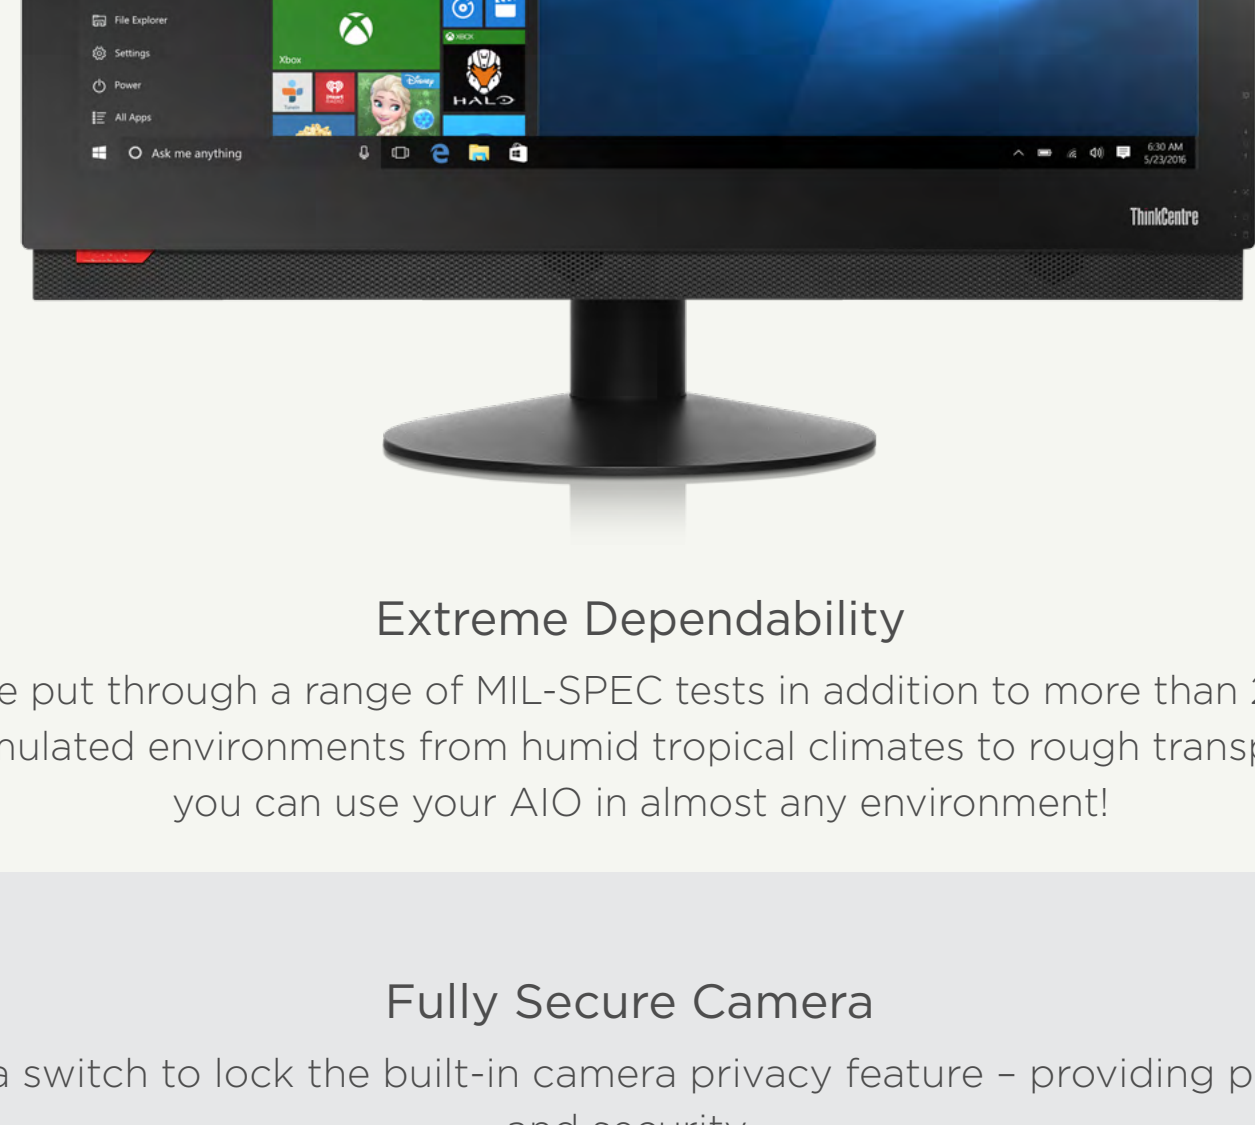

Help Is Just a Keystroke Away

With high-performance Intel® Core™ vPro™ processors, your IT team can remotely access your fleet of desktops. They can easily roll out software upgrades or fixes to all PCs on the network, saving on both management costs and desk-side visit time.

RELIABLE & SECURE

Tested for resilience - optimized for your protection.

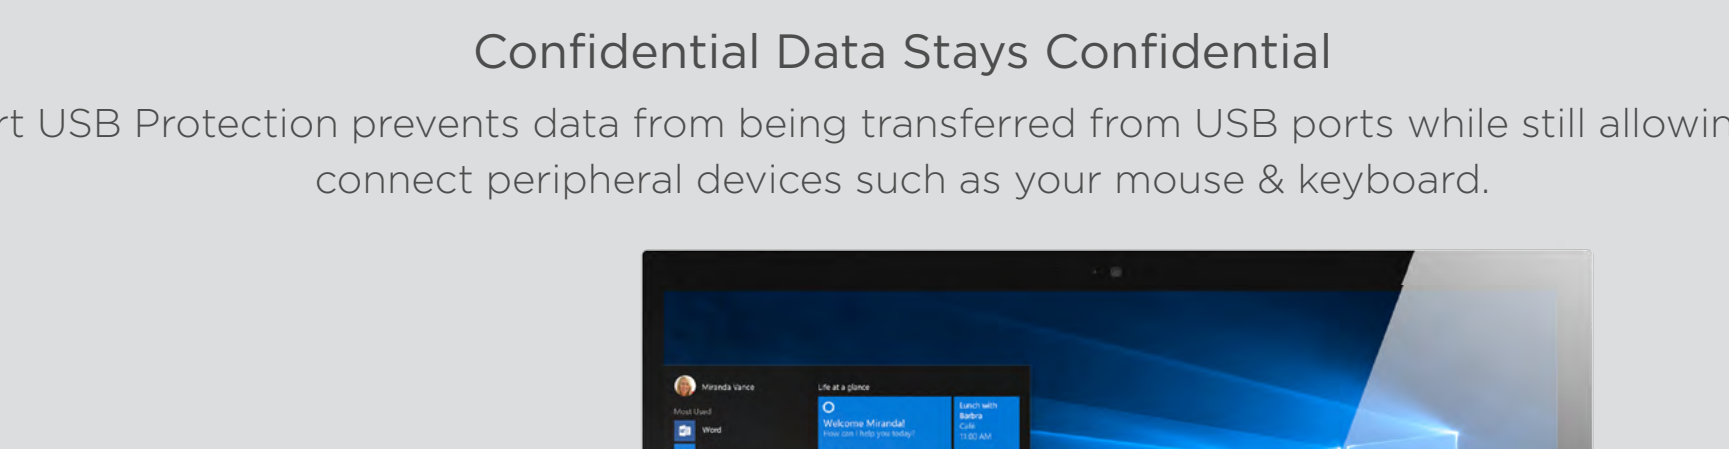

Extreme Dependability

ThinkCentre AIOs are put through a range of MIL-SPEC tests in addition to more than 200 different types of reliability tests. We simulated environments from humid tropical climates to rough transportation conditions, so you can use your AIO in almost any environment!

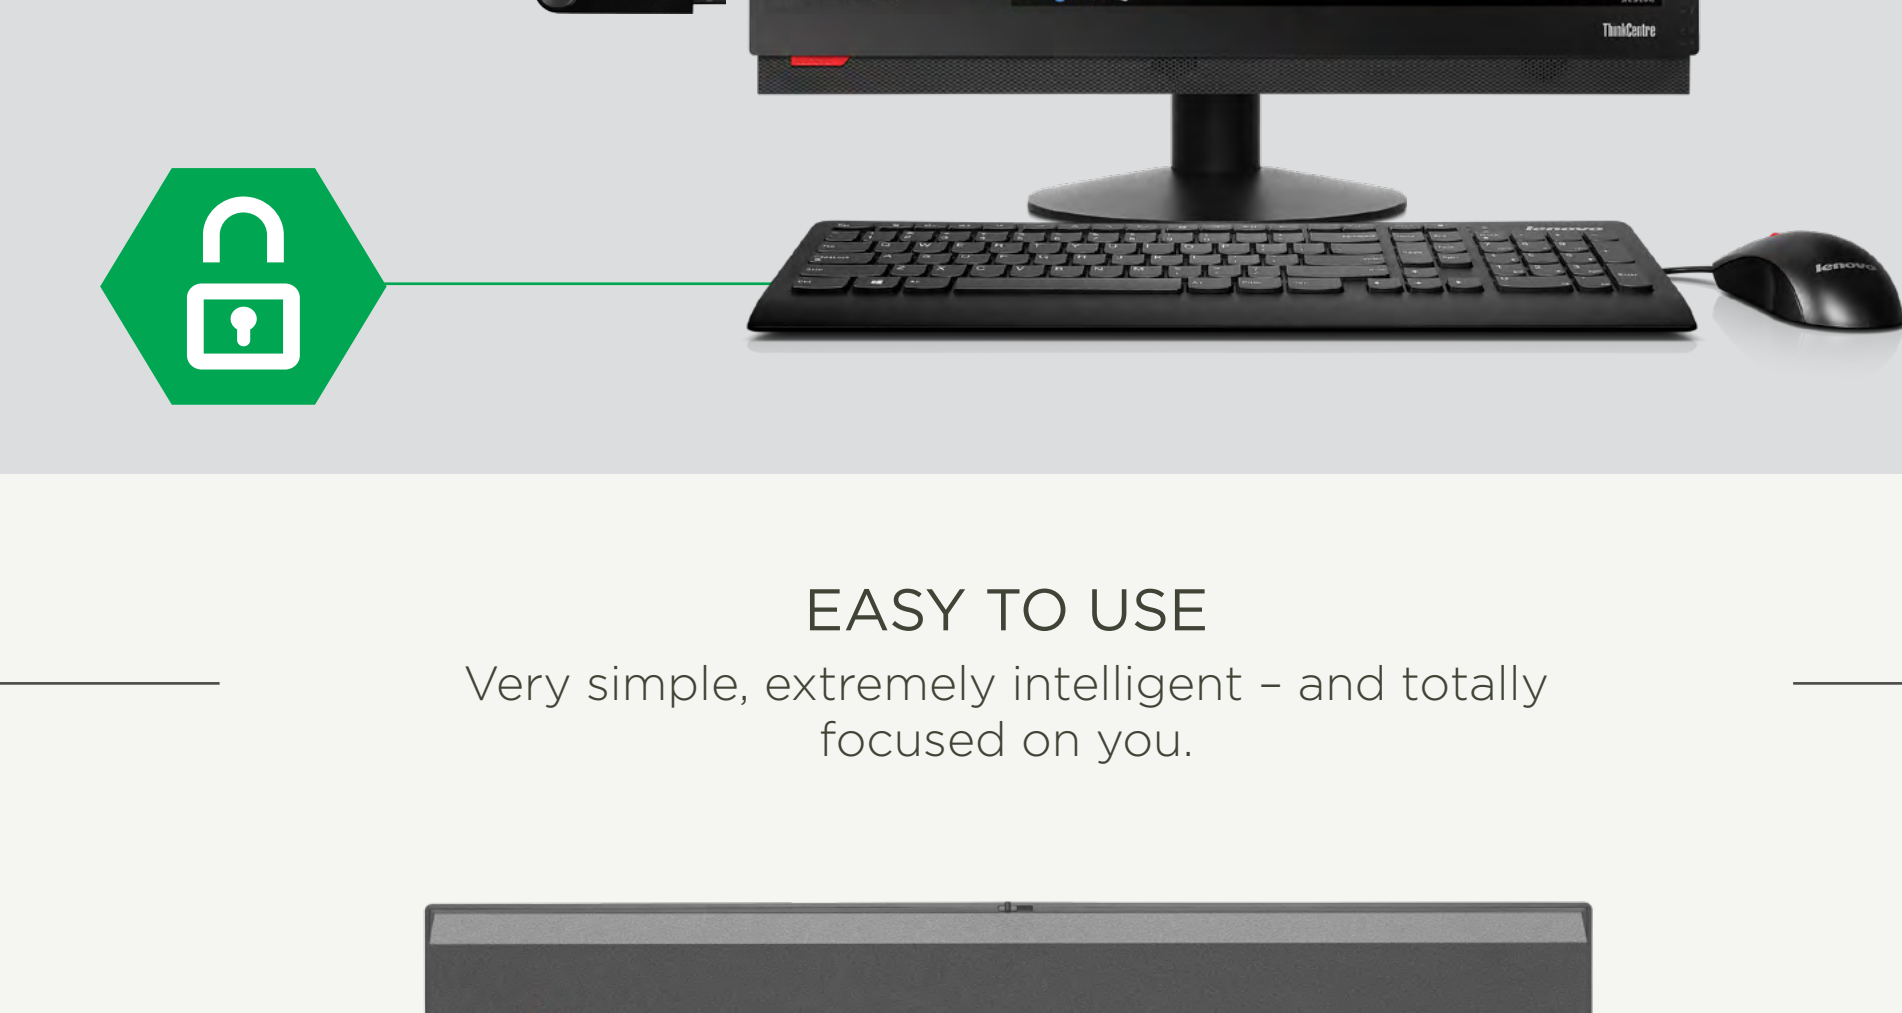

Fully Secure Camera

Simply flick a switch to lock the built-in camera privacy feature - providing peace of mind and security.

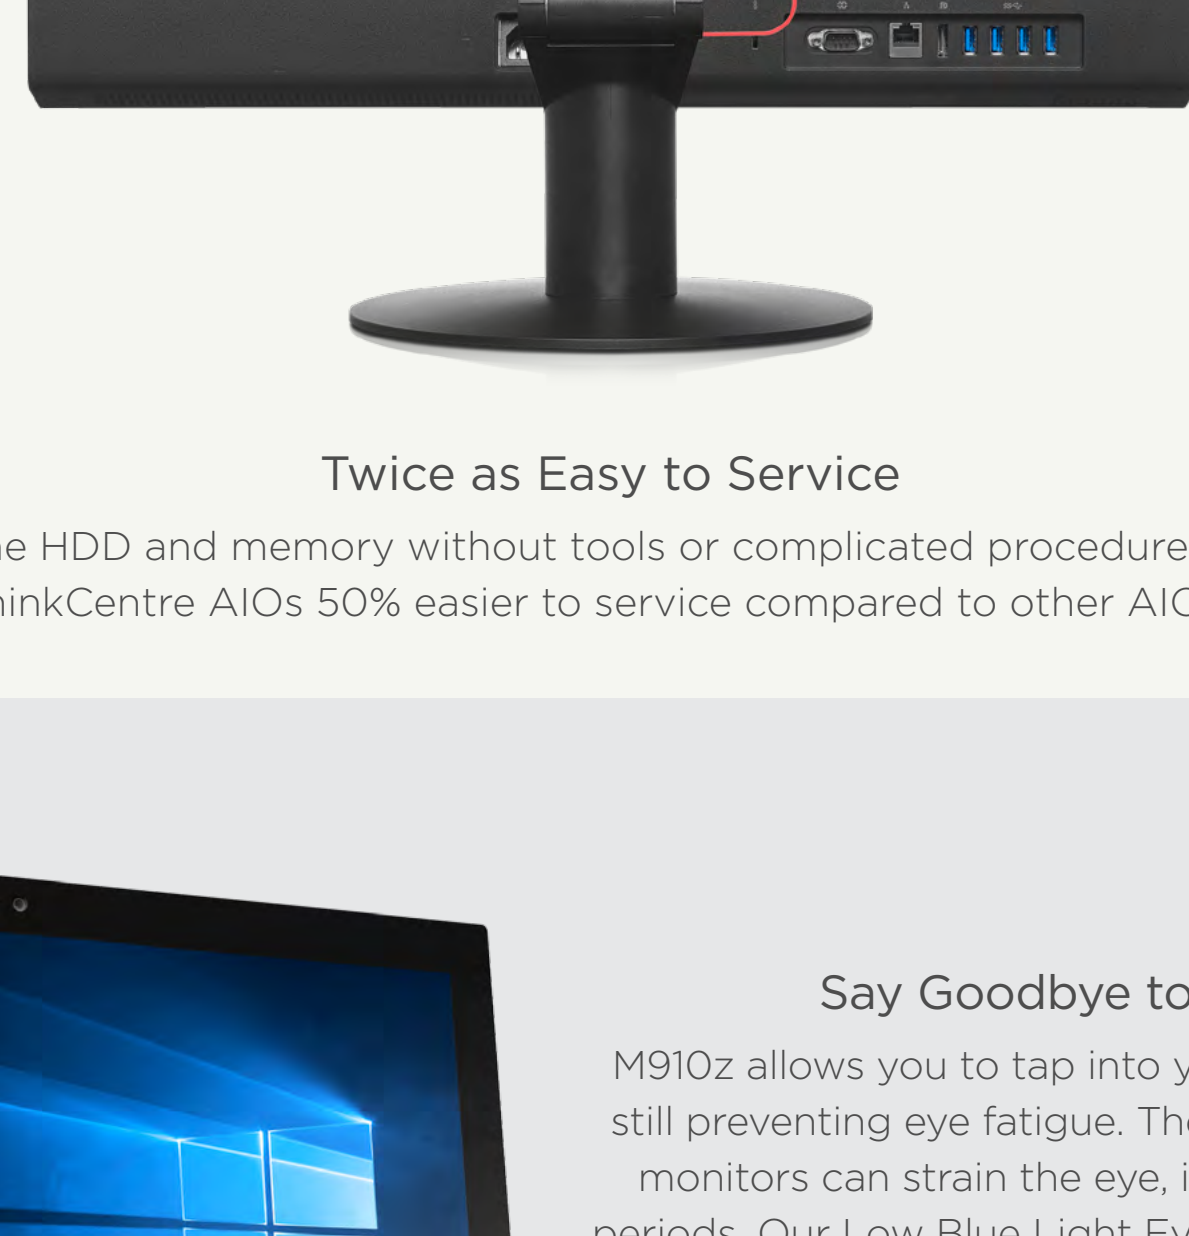

Confidential Data Stays Confidential

Smart USB Protection prevents data from being transferred from USB ports while still allowing you to connect peripheral devices such as your mouse & keyboard.

EASY TO USE

Very simple, extremely intelligent - and totally focused on you.

Twice as Easy to Service

Remove or replace the HDD and memory without tools or complicated procedures - the tool-less design makes ThinkCentre AIOs 50% easier to service compared to other AIO solutions.

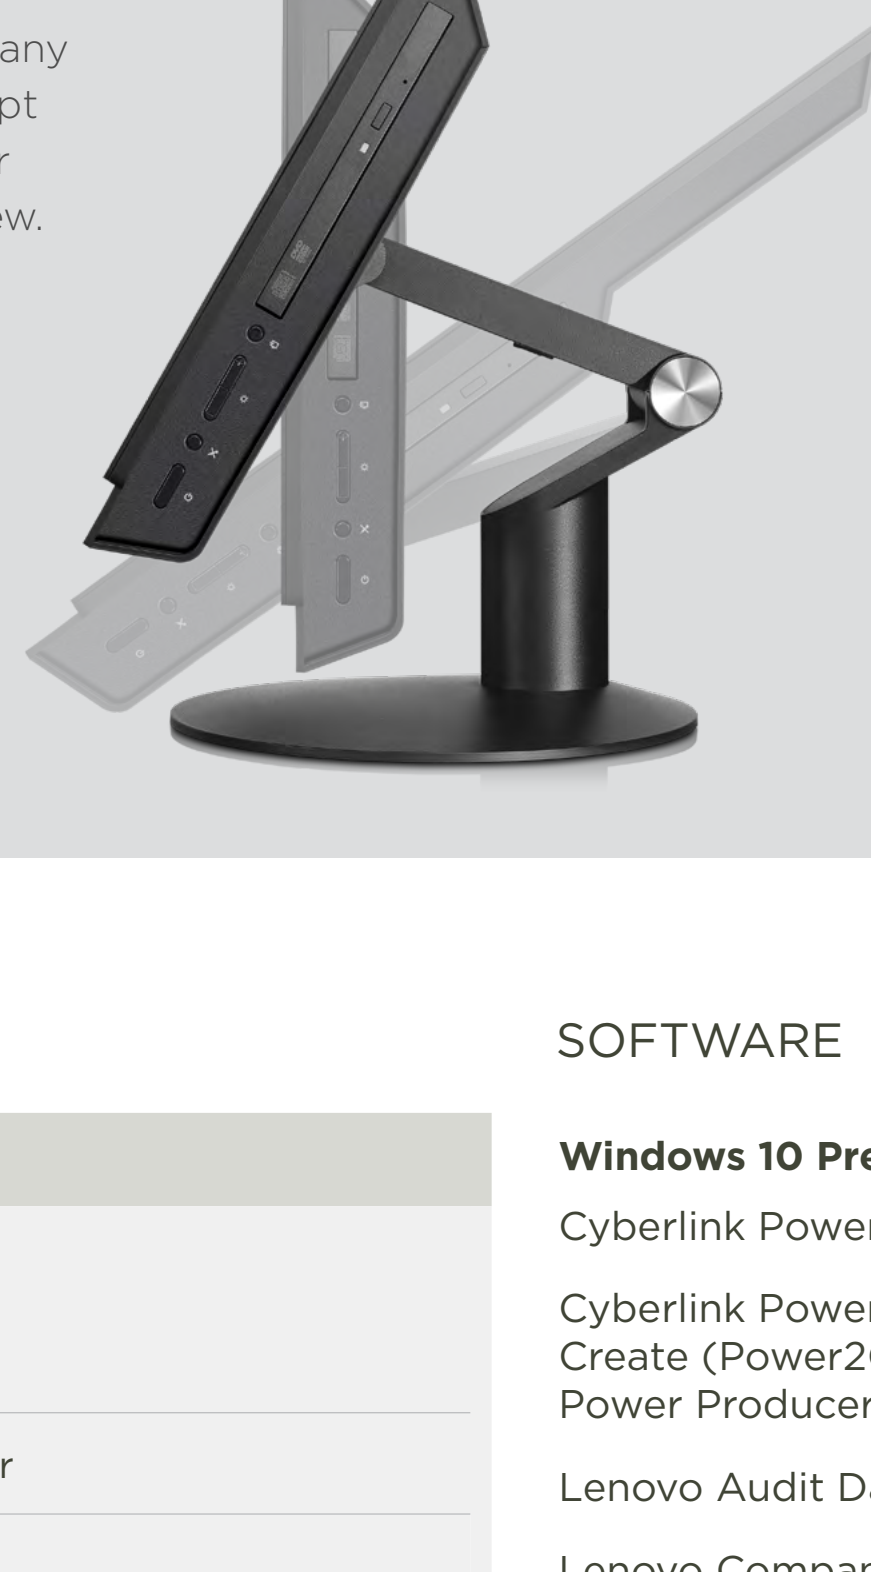

Say Goodbye to Tired Eyes

M910z allows you to tap into your own potential, while still preventing eye fatigue. The blue light coming from monitors can strain the eye, if exposed to it for long periods. Our Low Blue Light Eye Care feature allows you to keep working late without affecting your eyes.

The surface of the ThinkCentre AIO displays are also roughened at a micro-level to scatter light and prevent glare, making ThinkCentre AIOs ideal for extended use under glaring office lights - or in naturally well-lit areas - without the need to strain.

Adapts to You

Versatile stands give you the freedom to use your display at any angle with tilt, height, and swivel functionality that can adapt to a range of working styles - whether sitting at a desk, or standing to serve customers, you'll always have the best view.

SPECIFICATIONS

ThinkCentre M910z	
Operating System	Windows 10 Pro Support Windows 10 Downgrade to Windows 7 (not available with 7th generation Intel® processor)
CPU	Up to 7th generation of Intel® Core™ i7 vPro™ processor
Display	23.8" WVA WLED, 1920 x 1080 FHD, 250 nit
Storage	2.5" HDD (500GB / 1 TB) 2.5" SSD (128 GB) M.2 OPAL SSD(256G / 512 G) M.2 Non-OPAL SSD (128G) Slim ODD Rambo / DVD ROM
Memory	DDR4, 2 x SODIMM, up to 32 GB
Webcam / Audio	1080p w/ dual DMIC; 3W x 2 with Dolby® solution
Graphics	Discrete - NVIDIA® 940MX 2GB gDDR5 for SpB
Power Adapter PSU	Internal 150W 85% for integrate graphics model 180W 92% for discrete graphics model
Ports	2 x USB 3.0 with 1 always on rapid charge / Type C for option / Headphone & Mic combo / 9-in-1 card reader / 4 x USB3.0 / serial port / DP in & out combo / LAN / AC in 1 x M.2 2280 & 2242 for SSD and Intel® Optane™
Connectivity	1 x M.2 2230 for WiFi
Dimensions (W x D x H)	With multi-touch, non-stand: 584 mm x 390 mm x 45 mm Without multi-touch, non-stand: 584 mm x 390 mm x 45 mm With multi-touch, UltraFlex II Stand: 584 mm x 505 mm x 253 mm Without multi-touch, Basic Monitor Stand: 584 mm x 458 mm x 245 mm Without multi-touch, UltraFlex II Stand: 584 mm x 505 mm x 253 mm
Weight	Without multi-touch, non-stand: 7.8 kg Without multi-touch, non-stand: 6.8 kg With multi-touch, UltraFlex II Stand: 10.3 kg Without multi-touch, Basic Monitor Stand: 8.8 kg Without multi-touch, UltraFlex II Stand: 9.4 kg
Keyboard	USB or wireless
Stand	Basic monitor stand, tilt only with -5 degrees - 45 degrees. UltraFlex II stand, tilt with -5 degrees - 60 degrees; Swivel with 90 degrees; Height with 110 mm
Security	Kensington lock; Cable lock (for KB & mouse cables) TPM; USB smart protection (for port accessibly); Intrusion switch; Computrace
MIL-SPEC	8 items (low altitude, high/low temperature, temperature shock, humidity, sand and dust, vibration, shock)
Ease of Use (Tool-less Access)	Yes (Rear cover; HDD; Memory; Stand)
